

February 2023 Prayer Letter

Update

It has been a busy few months as we have begun our part-time pre-field ministry. My work commitments in the Marine Corps remain high, but God has been good in allowing us to have several meetings over the fall with several more planned this summer. We are blessed to be able to continue serving in our sending church and I am grateful to have the opportunity to grow in preparation for service in Puerto Rico. Our family is getting excited to end our time in the Marine Corps and transition into full-time ministry. God answered our prayers and my retirement extension was approved by the Marines. This will allow me to use my accrued leave (roughly 100 days) after my retirement ceremony in the end of August. We are finally getting all of our materials produced to include a video and website. God has definitely been teaching us to trust in His timing and not our own (Laura and I are both planners and timeline oriented) but we know that His will and timing is perfect. Pastor Martinez (1st Baptist Church in Cieba PR) who we will be serving with, was made aware of a home that may be listed soon located immediately across from the church and adjoining the property we are interested in purchasing for the camp. We are praying that God will clearly open a door for housing and the camp property if it is in His will.

Prayer Requests

- Spiritual protection of our Family
- Materials finalized and created
- Property for Camp in Cieba PR
- Potential house across from church in Cieba PR
- Grace for family during transition from USMC to Ministry
- Meetings with churches
